EVERGREEN EDUCATION ASSOCIATION POLICIES
Revised December 16th, 2019

POLICY 1: DUES STRUCTURE

Membership dues established by NEA, WEA, Riverside-WEA, and EEA, are separate entities and shall be reported to the members as such.

POLICY 2: BALLOTING POLICY

A. Local Balloting

1. The Head Building Representative will be sent the ballots for their building, will hold the election in their building, and ensure its accuracy and secrecy. The HBR or their designee will sign for the ballots for their site. The Head Building Representative will forward the ballots to the Elections Committee.
2. The head association representative or designee should check the election packets to be sure that they have received enough ballots for all members. A list of ineligible voters at each building site will be included in the packet. If any discrepancy exists, the head association representative should immediately call the EEA office.
3. Employees who are not members but who are eligible for membership may complete a membership form in order to receive a ballot. They must then sign the voting roster in order for their vote to be valid.
4. The local association will keep accurate records on the distribution and collection of ballots.
5. To avoid errors and challenges, those charged with conducting the local association's election must follow the Instructions printed on the Voter Registration Sheet included in each packet.
6. Polling sites shall be designated as work sites in the Evergreen School District and the EEA Office. A work site may be rejected as a polling site if no member at that site takes charge of the balloting. If more than one polling site is used, the Voter Registration Sheets for each polling site must be placed in a sealed envelope with ballots from that same polling site. This is to avoid possible rejection of all ballots from the local if problems arise at one polling site.
7. The president must allow at least 5 working days for balloting to take place.
8. Each voter must sign for their ballot on the Voter Registration Sheet. Eligible voters shall be exclusively active or reserve EEA members. The person charged with conducting the polling shall check when the ballot is returned to the envelope.

B. Returning Ballots to EEA

1. All ballot packets returned to EEA must include the following:
 - a. Ballots
 - b. Voter Registration Sheet(s)
2. Return all ballots and Voter Registrations Sheets at one time.

3. All packets containing the items in B.1a and B.1b above must include the name of the polling place.

C. Ballot Counting Procedure

1. Ballots will be counted following the close of the election by the Election committee (as provided in bylaws Article VIII, Section 2, B1). EEA election committee and EEA office staff shall add the votes for each candidate and ensure the accuracy of the vote count by random checks of the ballots, if possible. Ballots counted by machine shall be sampled for accuracy by the election committee. Should irregularities be evident, hand counting the ballots shall take place.
2. Each candidate (or their designee) may be present to observe the counting of ballots.
3. The election committee shall report the results of the election to the President who will then advise those running for office of the results of the election.

D. Invalidation of Ballots

Any of the following may cause a ballot or ballots to be invalid:

1. Electioneering: No material promoting any particular candidate may be included with the ballots.
2. Forgery: All signatures on the Voter Registration Sheet(s) must be authentic.
3. Discrepancies: A violation exists if there are more ballots than signatures on the Voter Registration Sheet(s). It is imperative that each polling site's ballots be kept separate and in a sealed envelope with that site's Voter Registration Sheet(s).
4. Tampering: Erasing stray marks, darkening circles, changing a vote, or "cleaning up" ballots in any way other than the voter on their own ballot is not allowed. Ballots and the Voter Registration Sheet(s) should be sealed immediately after the polls close and must not be tampered with in any way.
5. Late Ballots: Ballots received by the EEA office after the set deadline will not be counted unless directed by the Executive Board. Ballots returned after the deadline will be kept separate from ballots submitted on time. If the ballots are turned in late from a particular building, the reasons should be provided in a written statement signed by the individual responsible for returning the ballots.
6. Decisions regarding invalidation of a ballot(s) will be made by the EEA Elections Committee, and confirmed by the Executive Board.
7. If cause is found to invalidate the election of one position, the election committee shall make that recommendation to the Executive Board. If the Board declares that the election of that position is invalidated, the election process for that position shall be started over beginning with the nominations period as soon as possible at the next available Rep Council.
8. If cause is found to invalidate an entire election, the election committee shall make that recommendation to the Executive Board. If the Board declares that the election is invalidated, the election process shall be started over beginning with the nominations period as soon as possible at the next available Rep Council.

E. Election Notification and Certification

1. The President of the EEA will inform candidates of the unofficial results as soon as the ballot counting is completed.

POLICY 18: EEA WHISTLEBLOWER POLICY

(Adapted from the wea riverside policy and the wea policy manual)

EEA officers and staff are obligated to comply with all relevant legal requirements in carrying out their responsibilities. A failure to meet this obligation – whether intentional or inadvertent – can have adverse consequences for the reputation and operation of the evergreen education association. The purpose of the whistleblower policy (“WB policy”) is to establish a procedure by means of which any such failures (or suspected failures) can be brought to the attention of wea, so that appropriate corrective action can be taken.

A) Definitions

- 1) As used in the WB policy, the following terms have the meanings indicated:
- 2) The term “misconduct” means an action taken by a official in carrying out his or her responsibilities that is in violation of a legal requirement.
- 3) The term “ officer” means the president and officers described in the constitution article iv. Staff shall be those employed by the evergreen education association.
- 4) The term “person” means a member of , an employee of or a consultant or vendor who does or seeks to do business with .
- 5) The term “WB officer” means the person who is responsible for the implementation of the WB policy.
- 6) The term “whistleblower” means a person who notifies the WB officer of an action that they have reasonable cause to believe constitutes misconduct.

B) WB officer

- 1) The wea general counsel shall serve as the WB officer, and shall in that capacity be responsible for the implementation of the WB policy. The WB officer shall monitor the implementation of the WB policy, and make periodic reports regarding its implementation to the wea executive committee. The wea executive committee shall recommend to the wea board of directors such modifications in the WB policy as it may from time to time deem appropriate.

C) Notifying wea of alleged misconduct

- 1) Any person who has reasonable cause to believe that a officer or staff member has engaged or is about to engage in misconduct, should notify the WB officer in writing or alternatively as noted below. That person (the whistleblower) shall identify himself or herself in the notice to the WB officer, but the WB officer shall, if requested to do so by the whistleblower, treat the notice as anonymous and shall not, except in response to a legal mandate, reveal the whistleblower’s name. If the person (the whistleblower) chooses, the notice can be made anonymously through a hotline established by the wea. If the WB officer is unavailable, and the whistleblower believes that a delay in providing notification can have adverse consequences for or wea, they may notify the wea cfo, who shall as soon as possible thereafter turn the matter over to the WB officer.
- 2) The WB officer shall conduct an expeditious investigation of the alleged misconduct, and shall submit to the wea executive committee a written opinion setting forth its conclusions as to whether the officer or staff member has engaged or is about to engage in misconduct, and if so, what should be done to correct the situation.
- 3) After consulting with the wea executive committee, the WB officer shall arrange for such action to be taken as he or she deems appropriate to correct the situation.
- 4) If the WB officer concludes that any person has made an allegation of misconduct, or has participated in an investigation of alleged misconduct, in bad faith or without reasonable cause, the WB officer, after consulting with the wea executive committee, shall arrange for appropriate disciplinary action to be taken against that person.

D) Protection of person who provides evidence of alleged misconduct

- 1) Except as otherwise provided in section iii (d) above, no person shall be subject to any form of direct or indirect retaliation by an official, a employee, or other representative because they (1) is a whistleblower, (2) has participated in an investigation of alleged misconduct, or (3) has in good faith in any other way been involved in the implementation of the WB policy.

The WB officer shall investigate the matter, and if the WB officer concludes that an officer, employee, or other representative has engaged in retaliation, the WB officer, after consulting with the wea executive committee, shall arrange for appropriate disciplinary action to be taken against said an officer, employee, or other representative.

E) Miscellaneous

- 1) Nothing in the WB policy shall be interpreted or applied to deprive any person of any right that he or she may have under the governing documents, the wea governing documents, a contract with , or a statute. To the extent that the WB policy is inconsistent with any such right, the right in the governing documents, contract with , or statue shall take precedence.
- 2) Any person who believes that an officer or staff member has engaged or is about to engage in misconduct is encouraged to exhaust the WB policy before attempting to deal with the matter in any other forum.
- 3) All information and documents involved in the implementation of the WB policy shall be treated as confidential, and the WB officer shall make such information and documents available to others only on an "as needed" basis. To the extent relevant, all privileges, including the attorney/client and attorney work product privileges, shall apply to information and documents involved in the implementation of the WB policy.

Policy 20: RECOGNITION

Recognition funds, as determined by the budget adoption by Rep Council, will be awarded as noted below.

- A. Retirees. EEA encourages each site to establish a meaningful way to honor their retiring members or those eligible who separate from service that includes all who wish to honor and celebrate their career in education. A gift, not to exceed \$150, and assistance with the party costs, not to exceed \$100, may be provided by EEA. If the budget allows, members whose years of service in Evergreen and age total 75 will be given the same accolades as a retiring member. Prior approval by EEA is required. Funds are accessed via a reimbursement form signed off by the head association rep to alleviate duplicate reimbursement requests. Forms are available on the EEA website.
- B. 20-Year Veterans. EEA may acknowledge 20-year veterans in Evergreen by providing a meaningful memento. A certificate of achievement is provided by EEA and will be presented along with the memento at a staff meeting by the representatives at that site.

Policy 21: EEA- Fred Ensman- Virginia Oliver SCHOLARSHIPS

Scholarship dollars, as determined by the budget adoption by Rep Council, will be awarded by the EEA Scholarship Committee. Applications are due the last Friday in the month of April. Dependents of EEA members seeking undergraduate degrees are eligible to apply. Typically, EEA awards one \$500 scholarship for every 100 FTE members. Scholarship Committee members score the applications individually considering criteria such as academic excellence, involvement in school and community, financial need, written communications, and overall impression on a scale of 1-10 with 1 being lowest and 10 being highest number of points possible. The overall score is reduced by 5 points for each time the applicant was a previous recipient. The overall score is increased by 5 points for active involvement of the parent in EEA by serving on committees, as an association representative, or other leadership capacities. The Scholarship Committee members then compare their scores and designate the recipients and alternates. All applicants will receive a letter informing them of their status. Recipients will provide their student ID number and institution attending no later than August 15. Failure to respond results in forfeiture of the scholarship to the alternate. The scholarship check is then sent to the financial aid/scholarship office of the institution.

Policy 22: EEA- John R. Zavodsky Student Activist Scholarship

A single \$1,000 Student Activist Scholarship will be awarded annually by the EEA Scholarship Committee if the budget allows. Qualifying activities are not limited to the current school year.

Selection: Nominations can be made by any active member, with some encouragement towards nominations by HS counselors. Nominations and completed applications are due the second Friday in the month of April. Scholarship Committee members score the nominations / applications individually considering the following criteria:

Organizing Skills
Speaking "Truth to Power"
Advancing equity and justice
Sharing their vision and plan for continued improvement/change
Leadership

Each nominee will be rated in each of the above criteria on a scale of 1-10 with 1 being lowest and 10 being the highest number of points. The Scholarship Committee members then compare their scores and designate the recipient and any alternates. All nominees/applicants will receive a letter acknowledging their work and informing them of the outcome by May 6th.

The award will be presented at the start of the May Representative Council meeting. The scholarship recipient will be allowed to speak to the council, if desired, or may have a spokesperson speak for them.

Recipients will provide the name and contact information for the institution/trade organization they will be attending and a valid student ID number or other verification no later than August 15. They may decline the award at any time up to the August deadline and the next alternate will be named. Failure to respond by the deadline results in forfeiture of the scholarship to an alternate, unless extreme circumstances are brought to the June Executive Board meeting. Upon validation and unless declined, the scholarship check will be sent to the financial aid/scholarship office of the institution/ trade organization submitted. Any alterations to this process must be made by the June Executive Board meeting.
